

**Islamic  
Centre  
of Britain**

**Future for our communities**

Join us on an extraordinary journey as we embark on a transformative project to build a brighter future for our community.

# Introduction

---

In 2009, a decision was made to establish the Islamic Centre of Britain.

**More than a place of worship; it's a Community Development Hub designed to meet the diverse and evolving needs of the Muslim community.**

This unique space will serve as a symbol of inspiration, bridging cultural diversity and reshaping how we embrace learning and worship.

By uplifting the aspirations of British Muslims, we aim to create a community that reflects the ideals of the Prophet Muhammad (peace be upon him) fostering a legacy for generations to come.

**Welcome to the Islamic Centre of Britain.**

# Message From The Team

---

**We wholeheartedly acknowledge the challenges facing our Muslim community today. While we celebrate many success stories, it's essential to confront the obstacles that still lie ahead.**

Therefore, our primary focus is on our youth; disengaged and isolated from our society and its core values. Many are influenced by negative forces from within their environment. Social and economic triggers have created limited opportunities and the resulting poverty calls for our urgent attention.

We may not have all the answers, but we're determined to be a catalyst for positive change.

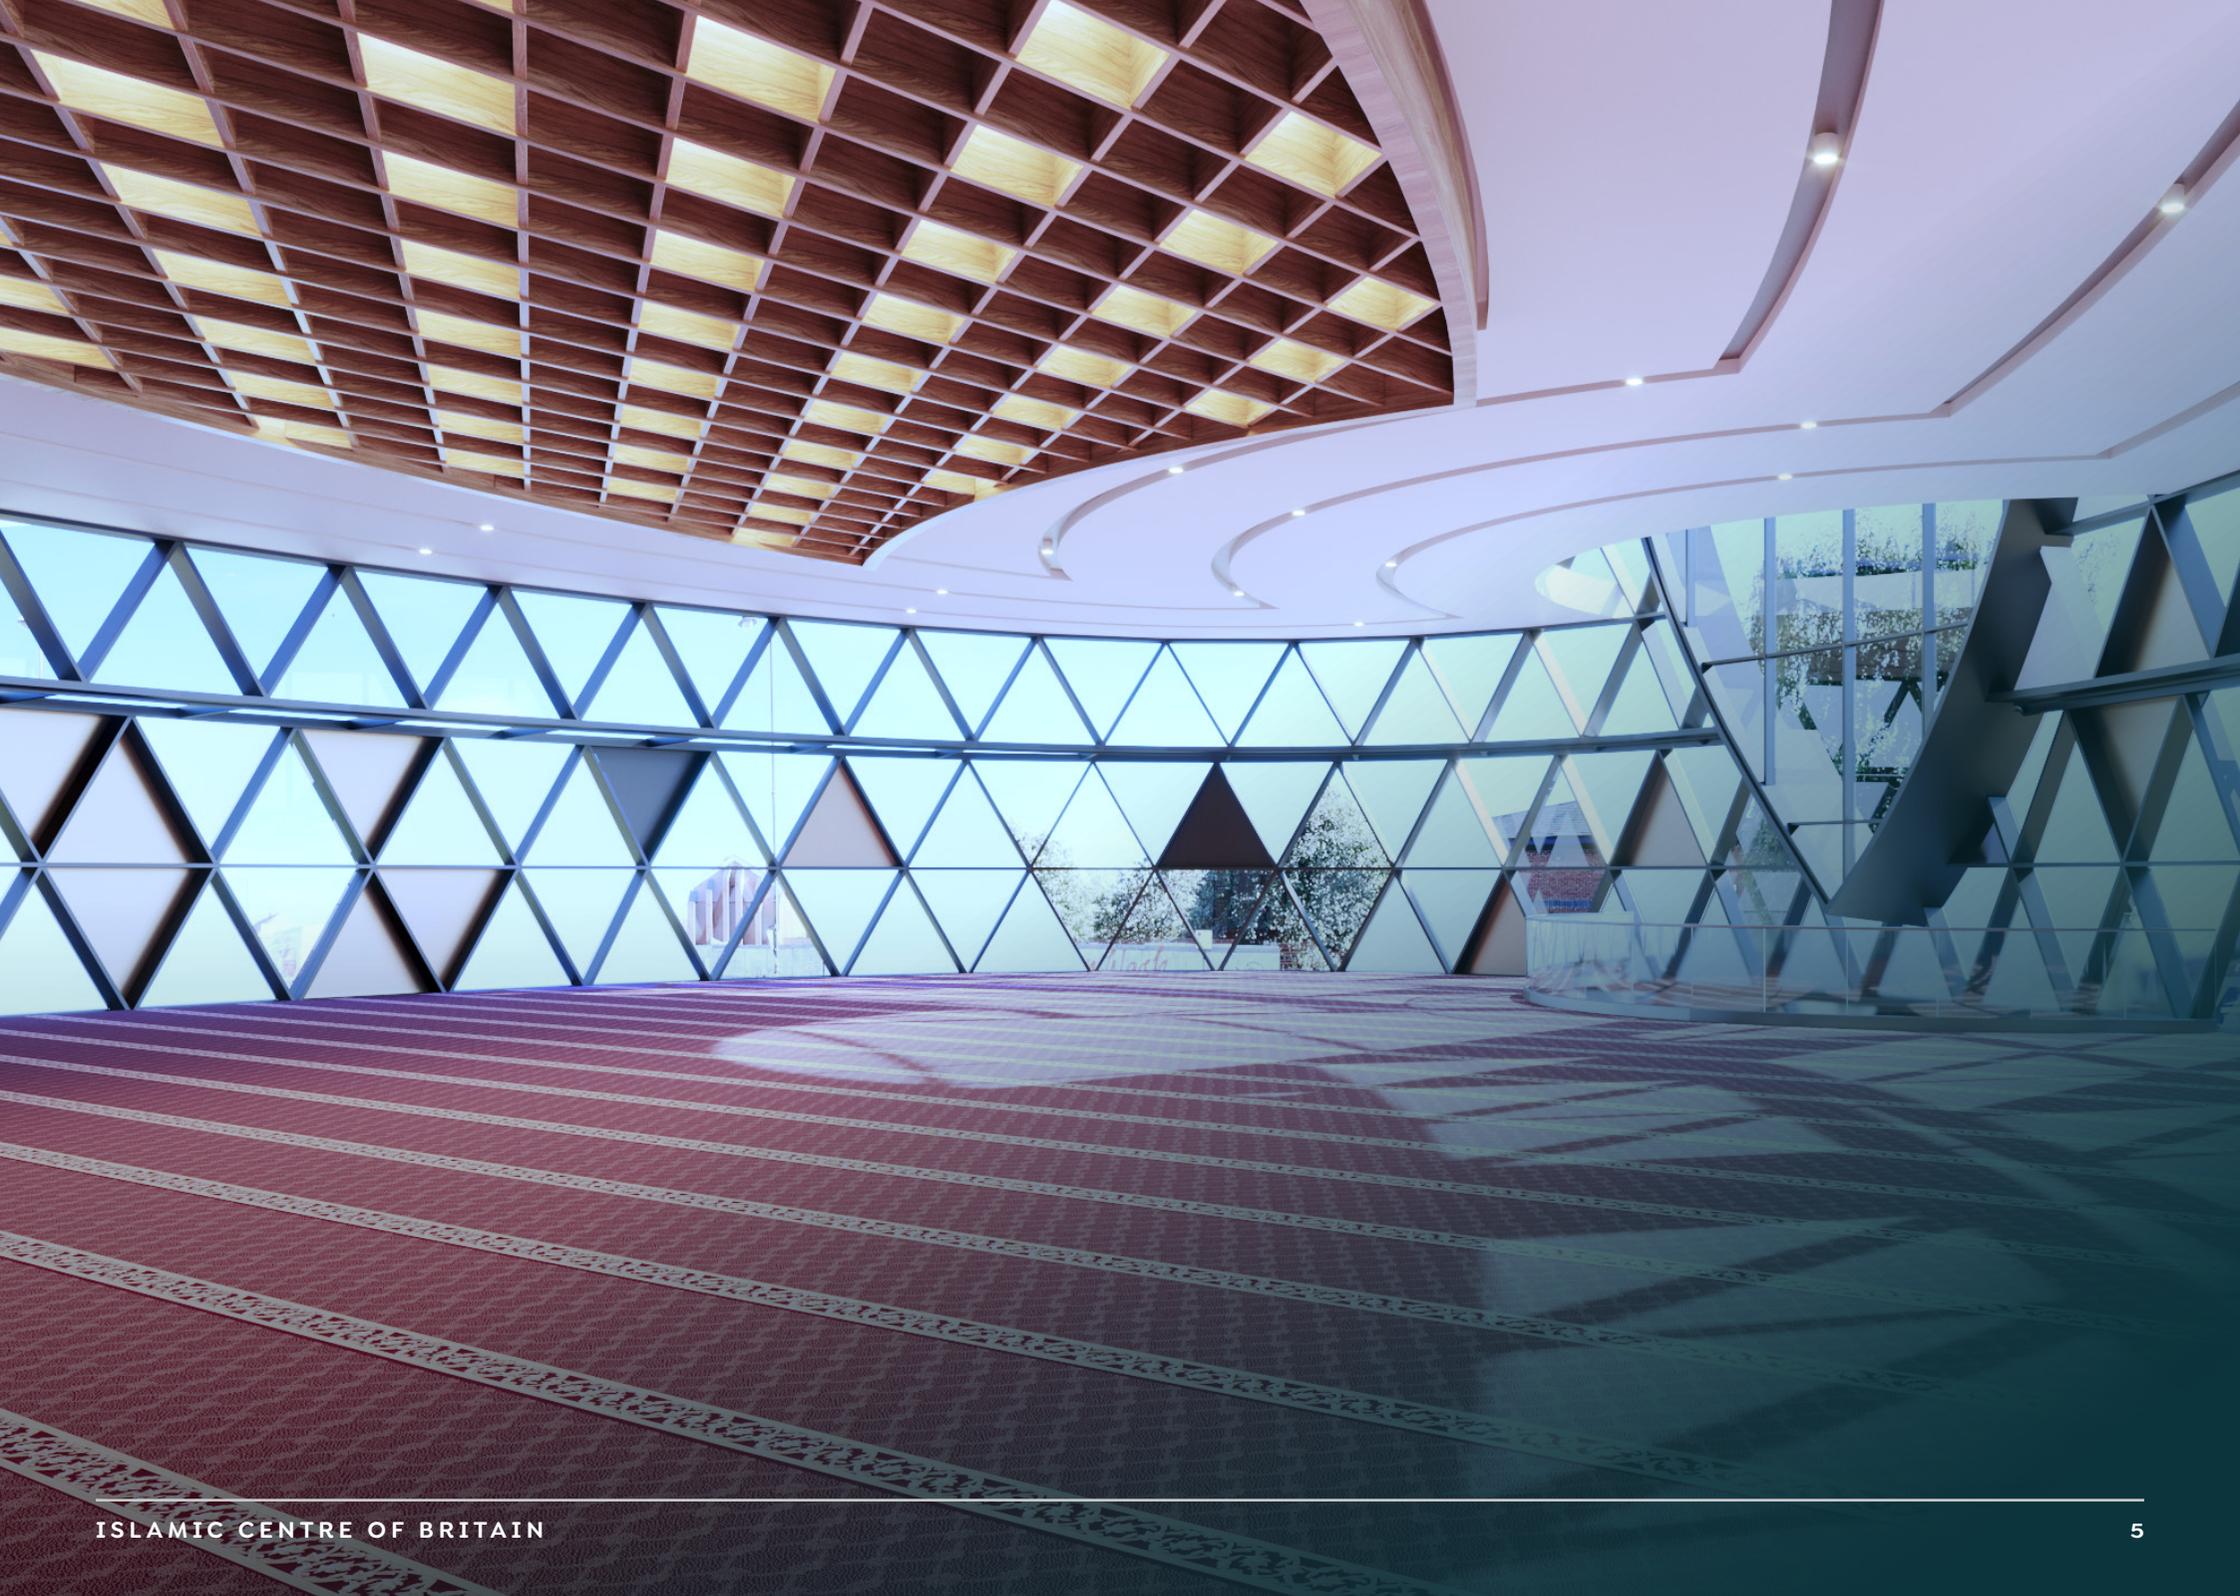

We recognise education is the key to overcoming such challenges. By advocating critical thinking, emotional intelligence, and effective communication, we can share the message of Islam, dispel misconceptions, and reveal the true beauty of our faith to all.

Our vision is to create an iconic community hub complex, bringing in top talent to offer the highest levels of leadership.

The Islamic Centre of Britain aspires to be a beacon of hope, setting an example for Muslim communities not only within the UK but across the globe.

**With the guidance of Allah and the unwavering dedication of our team, we're confident in achieving our heartfelt goals.**

Join us as we embark on this transformative journey, illuminating our community and spreading the light of Islam, Insha'Allah.

# Vision, Mission & Objective

---

**Our vision is founded on the belief that, as a community, we share more in common than what sets us apart.**

The Islamic Centre of Britain envisions laying the foundation for a harmonious and inclusive society where every individual, regardless of their background or beliefs, is both respected and empowered.

**We aim to rekindle the tradition of a mosque (masjid) as a centre for gathering knowledge, sharing wisdom, fostering contemplation, encouraging critical thinking, reconnecting with our spiritual essence, and celebrating as a community.**

When we talk about our “community”, it transcends the boundaries of Birmingham; it extends to people across the nation and around the world, irrespective of their age, gender, race, status, or faith. We’re committed to meeting the diverse needs of the global population.

# Projects: In Focus

## The Mosque (Masjid)

An iconic 6-storey mosque (masjid) accommodating 2,500 worshippers. Equipped with versatile halls, parking for 150 cars, and segregated areas for both men and women.

Weekly learning circles at the curriculum hub aim to elevate spiritual well-being, understand life's purpose, and provide practical techniques for day-to-day living.

## Apartments

The living development offers a unique blend of vibrant city life and spiritual enrichment. This set of 12 two-bedroom apartments will provide stylish living spaces at affordable rents.

## Eco - Projects

Our eco-projects introduce dedicated green spaces, including a rooftop garden adjacent to the Mosque (Masjid) complex. This space allows for contemplation and reflection, as well as serving as a productive area for remote work.

**Our eco-projects promote sustainability with rainwater reservoirs and solar panel heating.**

## Community Centre

**The community centre serves as a platform for individuals from diverse backgrounds to connect and engage in open discussions that challenge conventional thinking and inspire personal growth.** This includes, the elderly, the youth and those who have newly reverted to Islam.

It provides social, educational, and recreational activities for the entire community, as well as facilities for charities, enterprises and local organisations and groups that need a base to operate from.

An open kitchen and foodbank will also be set-up, supporting people going through hardship.

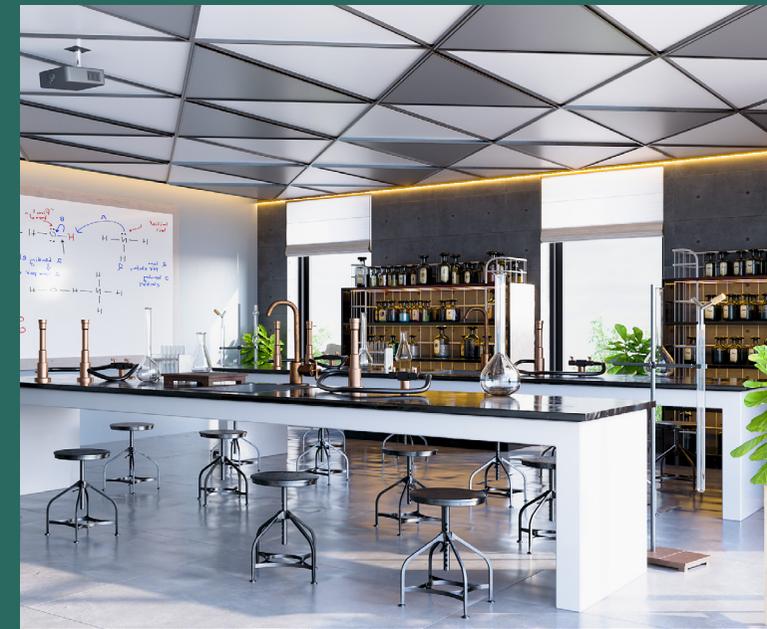

## Lifelong Learning Centre

Our Education Centre is committed to empowering the upcoming generation of critical thinkers through education, cultivation of moral values and the fostering of social development in a safe and secure environment. In addition to Qur'anic Arabic, Mathematics, English, IT, and the Sciences - our curriculum includes an inclusive understanding of history: exploring the Islamic heritage and stories of the Prophets to illuminate our present. Our aim is to provide

individuals with a solid foundation that will allow them to excel not only academically but also professionally.

Designed to accommodate a diverse group of learners, our facility provides a holistic educational experience. To ensure continued learning and enrichment, we will provide specialised programs for younger children as well as evening Madrassah classes.

# Next Steps

---

With the blessings of Allah, the site has been acquired, spanning over 1.5 acres of prime real estate with full planning permission granted.

**We are now in Phase 3: which is to commence construction.**

We invite businesses, charities, the public, and local authorities to contribute to this most crucial part of the initiative.

This opportunity represents a beautiful chance to invest not only in upcoming generations but also in securing blessings for our hereafter.
